SPECIAL NOTICE.

In presenting our Wholesale Catalogue for the Fall of 1894, we wish to thank all our patrons for past favors and solicit a careful consideration of our very low prices and the completeness of our assortment of Nursery and Greenhouse Stock.

Our shipping facilities are unexcelled.

All orders received by us have our personal and prompt attention and we guarantee reasonable satisfaction in every case, as thousands of unsolicited testimonials now on file fully attest.

We are prepared to offer special inducements to Nurserymen and Dealers buying in large quantities.

With our large storage cellars and a packing house 100x90 feet, and a complete system of water works, distributing water to all parts of our packing grounds, we feel that our facilities for the careful and proper handling of Nursery Stock are not excelled by any nursery establishment in the country.

Prices herein are strictly limited to the Fall of 1894.

With six important railroads centering here, we forward promptly to all sections. We are but two days from Cairo, Dubuque, Cincinnati, Louisville, and Kansas City, and but one day from Chicago, St. Louis, Indianapolis, and Lafayette, without a transfer, by daily freight trains. We ship with flattering results to Australia, New Zealand, Mexico, Nova Scotia, Oregon, Washington, California, and Maine.

Great care taken to have articles true to name.

BLOOMINGTON, ILLINOIS.

GENERAL OFFICE AND GREENHOUSES.

Three-fourths of a mile northeast of the Court House, and one mile south of Normal Station. Electric cars pass the Office between Bloomington and Normal every half hour.

Office During the Packing Season.—At the Packing and Nursery Grounds at Normal, three blocks southeast of Normal Passenger Depot, and two blocks south of terminus of Bloomington and Normal Electric Street Railway.

Telephone from offices to telegraph and railroad offices.

TERMS AND CONDITIONS.

Terms of Payment.—Cash, or satisfactory security, before shipment of stock. All Orders to be sent by Express, "C. O. D." must be accompanied by ONE-HALF THE AMOUNT IN CASH.

Orders and Conditions of Sale.—Please order EARLY, with order legible and separate from body of the letter, with name of Postoffice, County, and State, and how you wish packages directed on the ORDER.

Long specified lists are subject to special prices. Needed specifications as to age, size, style, etc., state *on the order*, to save the trouble of referring to previous correspondence.

On all wholesale bills, the choice of varieties must be left to us. Particular varieties named in order furnished as far as practicable. Orders forbidding substitution we fill so far only as we can supply the sorts specified.

Prices named rule only when the number specified is taken, but when the order amounts to \$10 or more, 5 will be furnished at 10 rates; 50 at 100 rates; 500 at 1,000 rates.

Dealers who bill on our grounds, will please be particular in making out their aggregate list as no stock will be counted back from the heeling-in grounds, unless we are at fault in putting it on.

Packing.—Prices do not include packing. Packing carefully done, in boxes, mostly, sometimes in bales or parcels, for which we charge moderately; for large boxes, 8 or 9 feet by 2½, three of which usually hold 1000 5 to 6 feet apple—\$2.50 each, and in proportion for larger or smaller boxes. NO CHARGE FOR DELIVERING AT RAILROAD, EXPRESS, OR POSTOFFICE HERE. On lots by mail, postage and packing extra. Trees per car load, if desired, can be packed in bulk at trifling expense.

For convenience of packing, Dealers and Agents will find our facilities are unexcelled, as we have a large stock of fresh moss, plenty of straw, long hay, etc., and an abundance of water from hydrants distributed through all parts of our Packing Grounds, so that we feel confident all our customers will realize and appreciate the advantages we offer.

Shipping.—We usually commence shipping in the Fall about October 1st.

We prefer parties ordering should indicate the route by which they wish stock sent. In the absence of particular directions, we forward to the best of our judgment; but in no case do we assume any responsibility after consignment to purchaser, unless for our own mistakes. When losses occur by detention en route, claims should be made on the carriers immediately.

INSTRUCTIONS AND SUGGESTIONS.

☞ Direct all letters to PHOENIX NURSERY COMPANY, P. O. Box 1215, BLOOMINGTON, ILL.

Remit by Postal Orders, Bank Drafts on New York, St. Louis or Chicago, payable to order of PHOENIX NURSERY COMPANY, or currency by express prepaid.

In writing us, always give your name and full address, including State, county, and postoffice, or if in city, your street and number. Repeat this every time you write us, no matter how often you may have occasion to address us.

We cannot give prompt answers if we have to look over a multitude of letters to find your address.

Roses, Greenhouse, Bedding, and all choice and tender plants should be packed separately from trees, shrubs, and bulky articles, and sent by mail or express. Write orders for such plants upon separate sheets.

SPECIAL INDUCEMENTS ON LARGE AND EARLY ORDERS. Purchasers by the car load save not only on boxing, but freight agreed through by the car load is usually much less in proportion.

 We usually commence packing in the Fall about October 1st, but WE PACK AND SHIP SEEDLINGS, APPLE, PEAR, PLUM, AND CHERRY STOCKS, CUTTINGS, CIONS, ROOT-GRAFTS, GREENHOUSE, AND A LARGE ASSORTMENT OF NURSERY STOCK, ALL WINTER.

 DEALERS AND LARGE BUYERS, wishing to contract, should apply early, with list of items and quantity wanted. Conditions, rates, etc., can then be furnished.

 Those wishing an agency will please apply with references, stating terms on which they wish to handle stock.

REDUCED FREIGHT RATES.

We beg to call your attention to the following **Change in the Classification** governing the rates on **Nursery Stock** by the railroad companies comprising the Eastern and Western Traffic Associations:

Nursery Stock, in car loads, 5th class rates.

Nursery Stock, boxed, less than car load lots, 3d class rates.

The minimum car load weight has also been changed from 24,000 to 20,000 pounds, which is a large gain to shippers, as it is rarely a car load of Nursery Stock will weigh more than 15,000 pounds.

This classification reduces the freight rates on Nursery Stock from **thirty to forty per cent.**

When practicable, we obtain through Freight and Express rates on all Shipments.

 One thousand Apple trees, packed for shipment, ordinarily weigh —1 year, 1 to 2 feet, about 400 lbs.; 2 years, 3 to 5 feet, 800 lbs.; 3 years, 4 to 6 feet, 1,400 lbs.; 4 years, 5 to 7 or 8 feet, 2,200 lbs.

To our customers at a distance we would also state that the postal rates on Trees and Plants have been reduced from 16 cents to 8 cents per pound, and can be shipped in any number of four-pound packages to one address. We ship a great many root-grafts, seedlings, cions, etc., in this way.

15 per cent Discount to the TRADE on prices in this Catalogue, except on stock marked with a star (*).

LUCRETIA DEWBERRY.

The Lucretia Dewberry, the best of the blackberry family, is hardy and very productive, producing an abundance of fruit, remarkable not only for its large and uniform size (many of the berries measuring $1\frac{1}{2}$ inches long by $1\frac{1}{4}$ inches in diameter), but excellent quality as well, as it is rich, sweet, and luscious to the taste, and free from the hard core so common in some blackberries. The color is a glossy, shining black, and the berry ripens here the first week in July. As the plant does not sucker, it will be very desirable and much sought after for garden culture, while the trailing habit of the Lucretia will render winter protection very easy in severely cold climates without snow, where that precaution may be necessary. The Lucretia Dewberry has received the endorsement and highest praise from the best horticulturists in the country. It has proved very satisfactory wherever tried, and we recommend it with the greatest confidence. We know our stock to be genuine.

New, Choice, and Rare Plants.**BEGONIA VERNON.**

This beautiful new Begonia has been universally accepted as the most useful and really meritorious novelty introduced for years. In habit and freedom of bloom it quite resembles the well known Begonia Semper Florens. Its numerous flowers are of a brilliant deep carmine and the foliage of a fine green color, spotted and margined with bronzy red, which grows more intense with the advancing season; above all, it blooms with the greatest profusion throughout the entire summer, and is destined to be one of the most popular bedders as well as highly satisfactory for pot culture. 15 cents each. \$1.00 per ten. \$8.00 per hundred.

NEW CANNAS—(CROZY).

Florence Vaughan—Undoubtedly the largest yellow Canna up to date. This splendid sort is of the most perfect form, the petals even broader than Madam Crozy. Flowers of the most brilliant golden yellow, dotted with brightest scarlet spots. Very constant bloomer. Height, three and one-half feet.

Strong plants, 30 cents each; \$2.00 per ten.

Captain de Suzzonii—Almost as large a flower as Madam Crozy, with a very large spike of bloom. Color, yellow, slightly mottled with scarlet. This is an extra fine sort for bedding, and a constant bloomer. 25 cents each; \$2.00 per ten.

Miss Sarah Hill—This we believe to be the best variety of crimson Canna. The crimson has considerable carmine in it, so it may be called a carmine crimson. Very dwarf. Erect flower spike.

25 cents each; \$2.00 per ten.

J. C. Vaughan—Purplish foliage. Flowers large, clear deep vermilion, orange, with purple flower stalks of good size.

20 cents each; \$1.50 per ten.

Madam Crozy—The grandest of all varieties. The color is brilliant vermilion scarlet, bordered with deep golden yellow, the flowers are borne in great clusters and in great profusion. The foliage is green, broad, and massive. Habit compact and vigorous. In height rarely more than four feet.

Francois Crozy—The color is a unique shade of light apricot, bordered with bright yellow.

Geoffrey St. Hilaire—A grand variety. Large orchid-like flowers of a deep glowing orange shade, very large flower spikes, foliage chocolate colored.

Star of 1891—More dwarf than Madam Crozy, and valuable on this account. A mass of scarlet when in bloom. It is an elegant pot plant, and will bloom in the house in the winter splendidly.

The above four sorts, 20 cents each; \$1.50 per ten.

CUPHEA NEW TRICOLOR.

Cuphea Llavae.

The flowers are tubular in shape, $1\frac{1}{2}$ to 2 in. long and have two bright scarlet wings at the end of each flower. The tip of the flower is bright purple, the stamens are pure white, the body of the flower is pea green and is covered with fine crimson hairs like a moss rose. It grows into a bushy plant, about 15 inches high, and makes a fine appearance when potted in the house.

20 cents each. \$1.50 per ten.

NEW RED CLEMATIS—Gen. Grant.

This excellent new Clematis originated with a florist of this city. It is supposed to be a hybrid between *Velutina Purpurea* and *Gem*. Growth, very strong and vigorous, of the habit of *Jackmanii*. Very hardy, with large flowers of the *Henryii* type, petals well rounded and of the brightest velvety reddish purple, shaded with bright red. This is the first new American Clematis of extra fine merit and undoubtedly new shade of color, in large flowering Clematis, and has been tried here for three years, and has proved to be unusually hardy and free blooming.

\$1.00 each; \$8.00 per ten.

NEW GERANIUMS.

Spring of 1894.

Benjamin Constant—A good grower and bloomer, bearing enormous trusses of large round florets. Color, the most brilliant scarlet. The best scarlet yet produced.

Countess de Preissac—Semi-double. Very dwarf and free, and very distinct in color. Lively flesh-color, veined, and shaded lilac.

Countess de Salis—Very large flowers. Dwarf, free blooming habit. Color, deep rose. Fine.

Correvon—Very dwarf, and free trusses of immense size. Color, reddish apricot. Center, orange scarlet.

Daybreak—A grand variety. Color, beautiful bright flesh, the same as seen in *Carnation Daybreak*.

Joardens—Plant short, jointed, and free. Color, creamy white, veined rose. Center, orange. Very distinct.

Mad. Delamarre—Dwarf, and very free, salmon flesh color, tinted with bronze.

Mad. Orillard—White upper petals marked with capucine red. Distinct.

Mad. Sallier—An excellent bedding variety. Color, dark rosy pink.

Theodore de Banville—A good grower and free bloomer, with large, well formed trusses of a pure yellowish scarlet.

15 cents each. The set of ten varieties, \$1.00.

GERANIUM—Ivy-Leaved.

Joan of Arc—The best double white ivy-leaved Geranium. The flowers are perfectly double, white as snow, and literally cover the plant when in bloom. 15 cents each. 75 cents per ten.

P. Crozy—A cross between the Ivy Geranium and the Zonales. The foliage shows the blending of the two races, having the form of the Ivy and the substance and size of the Zonales. The flowers are brilliant scarlet, borne in the greatest profusion, the trusses measuring six inches across and the individual floret two inches. The habit is dwarf and compact. 20 cents each. \$1.50 per ten.

NEW SPOTTED DOUBLE MORNING GLORY.

This fine addition to our list of climbing plants has been on trial in our grounds for the past year, and has proved to be a fine novelty. Extra free blooming and attractive. The color is a pretty shade of blush, spotted with purple and beautifully fringed. It is a rapid grower, and is one of the most rapid growing climbers we have ever offered.

15 cents each. \$1.00 per ten.

SALVIA—William Bedman.

New Dwarf.

The greatest addition to our list of bedding plants introduced in years. It forms a compact bush, completely covered with rich scarlet flowers, which are much heavier in substance than the older sorts and remain longer on the plants. 15 cents each. 75 cents per ten.

VIOLET—Hardy Double English.

Here we have a Violet entirely hardy, perfectly double, a deep violet color, and most deliciously fragrant. Can be left out in the open ground all winter. Nothing is more appropriate for cemetery plots than the hardy double Violet. Strong plants.

15 cents each. \$1.00 per ten.

NEW CHRYSANTHEMUMS.

Golden Wedding—Color, a grand golden yellow. A prize winner everywhere.

Gettysburg—Color, a bright velvety crimson. This is the largest and best red Chrysanthemum.

Good Gracious—Color, a delicate shade of peach pink. Remarkable for size, form, and color.

From 6-inch pots; 40 cents each. \$3.00 per ten.

NEW YELLOW COLEUS—Mrs. J. D. Haight.

A fine golden yellow, never changing under the strongest sunshine. The foliage is equal to Golden Bedder, but the habit of the plant is far superior to it.

10 cents each. 75 cents per ten.

GREVILLA ROBUSTA—(The Silk Oak).

A magnificent plant for decorative purposes, of rapid easy growth, finely cut foliage rivalling the rarest ferns. The young, growing leaves are a bright bronze color, the tips being covered with a soft down, closely resembling raw silk. Hence the name of Silk oak.

Fine plants, from 4-inch pots, 25 cents each. \$2.00 per ten.

From 6-inch pots, 35 cents each. \$3.00 per ten.
